

Proraso Cologne Azur Lime

Founded in 1908 by Ludovico Martelli, Proraso has been setting trends in the shaving world for three generations. Proraso was first embraced by Italian barbers and then by an ever-growing number of home shavers. The Proraso labs create products that stand the test of time, defy passing trends and become classics. Over time, the formulas based on natural and trusted ingredients, are enriched and improved. They create professional, quality products with no parabens, no silicones, no mineral oils and no artificial colours, and the packaging is refreshed. And that's exactly what they deliver with this fresh scent of bergamot and Mediterranean citrus. This light but long lasting fragrance is the perfect final touch in a routine of authentic wellbeing – like Australian fathers. Clearly. **Available at Shaver Shop or online at shavershop.com.au and mensbiz.com.au** For more info go to prorasoaustralia.com.au

Marvis Toothpaste

Imported from Florence, Italy, Marvis is the world's most exclusive, classic luxury toothpaste. Created using a long, precise traditional method which guarantees a rich, smooth texture, it's especially effective in heightening the intensity of the flavour and creating a refreshing protective and whitening effect. Marvis reinterprets the concept of toothpaste, turning a simple daily act into the pure pleasure of life, discovery and taste, day after day. It's an awesome statement of elegance to any bathroom fit for a King – like your Dad perhaps. **Available online at mensbiz.com.au** For more info go to marvisaustralia.com.au

JBL Flip 4 Waterproof Bluetooth Speaker

The new JBL Flip 4 is the all-purpose, all-weather music companion. This portable Bluetooth speaker delivers surprisingly powerful stereo sound in a compact design. Listen to 12 hours of continuous, high-quality audio anywhere, anytime. Whether you are outdoors, indoors, by the pool or at the beach the Flip 4 has durable, waterproof fabric materials that are available in an array of cool colours. You also get built-in noise and echo cancelling

speakerphone for crystal clear conference calls or you can activate and talk to Siri or Google Now with a simple touch of the button. And, to top it off, the JBL Flip 4 has JBL Connect+ technology letting you connect over 100 JBL Connect+ speakers at once – so you can amplify your listening experience! The new JBL Flip 4 is the portable, great sounding, all weather Bluetooth speaker that takes the party anywhere. **Available online and at most major retail stores**
